

## **AXISCADES brings industry stalwart David Bradley on-board as Chairman**

Bangalore 30th May 2019 - AXISCADES Engineering Technologies Ltd., (AXISCADES), India's leading Technology & Product Engineering Solutions company today announced the appointment of Mr. David Bradley as Chairman. Mr. Bradley will take over from Dr. Vivek Mansingh, who was the chairman of the Board for the last 5 years. Having led the company through a period of growth and acquisitions he will continue to be on the board to support the company.

Mr. David Bradley adds extensive value to AXISCADES in his role as Chairman, through his deep domain expertise and vast network in the Industry. In his earlier role, David served as Executive Vice-President of Global Product Solutions and Member of the Management Board at Assystem managing a business of USD 750Mn. He was also the CEO of Assystem UK Ltd., where he was instrumental in developing and scaling several large accounts across geographies and business vertical. Assystem, now known as Expleo has its presence in 25 countries and more than 15,000 employees with Euro 1.1Bn in revenues.

Welcoming David, Dr. Vivek Mansingh, quoted, "Over the last 5 years I have lead AXISCADES through an exciting phase, made strategic acquisitions, expanded business, added global customers, added service lines in new technologies and have prepared the company for the next stage of growth. I believe David's appointment will be extremely beneficial to leverage his business acumen, industry knowledge, and global customer connect to drive business growth.

Mr. Bradley as the new Chairman of AXISCADES said, "I am excited about joining the board of AXISCADES and believe the company has incredible capabilities. I will be guiding and working with the team to take the Company to the next level of growth and global expansion,"
